

JERRY'S GARAGE OVERVIEW

Located in the Village of Los Ranchos de Albuquerque, Jerry's Garage is truly a unique location for your next special occasion and will leave long lasting memories in the minds of your guests. As part of the 13,000 square foot Unser Racing Museum, Jerry's Garage is an exhibit space by day and after hours can be transformed into a gathering place for catered events, receptions or business meetings for 50-250 guests.

Our professional staff can help you plan an event, and our preferred caterers are composed of Village of Los Ranchos de Albuquerque, Rio Rancho and Albuquerque's top catering firms. Each offers you a variety of tastes, styles, prices and presentations and can help you create a very special occasion from festive buffets to full service dinners. A catering kitchen is specifically designed for catered events and we offer on-site audio-visual services.

Providing a magnificent background for your guests, this world class museum, is the vision of Al Unser Sr., created to honor his family and the sport of racing. Your guests will be free to wander thru exhibits which describe the accomplishments of this "first family of racing", complete with the cars they drove to victory, their awards and the story of 4 generations of Unser men and women whose lives were then and are today about motorsports.

If you have questions, we would be happy to assist you and we look forward to your visit as a host or guest to Jerry's Garage.
